Summary: This happens 5 years after the destruction of Lavos

After Lavos Part I

> <meta name="Generator">

This is my first story I've written. I hope you enjoy it...

The year is 1005. It has been 5 years since Crono and his friends went through time to stop Lavos. This is what happens after the destruction of Lavos...

"Crono! Crono! Where are you Crono?" "Marle! I told you not to bother me!" "Oh come on! The fireworks have started!" *BOOM* *BOOM* "Oh man." Crono leaves his house towards Guardia Forest. He is attacked by some monsters. Crono zaps them with a lightning bolt. "Man, these monsters are too easy." "Wait a minute! I thought all monsters were destroyed when Lavos fell." Crono spots a glowing portal in the center of the forest. "Oh man, I need to tell this to Marle." Crono heads towards his house. "Marle! Marle! I've got something to tell you!" "What is it Crono?" "You have to come with me to the forest. Bring Lucca with you." The trio heads towards Guardia Forest. "Look at that!" "It's the biggest time gate I've ever seen!" "I wonder if Lavos was destroyed." "He was destroyed." "So where are all of these monsters coming from?" "That gate." "We have to enter the gate and see who or what is sending these monsters." "NO! We can't just go through the gate. Who knows when we would end up." "So you want these monsters to keep coming?" "No." "Then let's go!" The three go through the gate.

In the year 25,000 ad...

A gate opens up. Crono, Marle, and Lucca pop out. "When are we?" "And where are we?" "Luckily I invented a new machine that can tell us when and where we are." "Lucca, what would I do without you?" "Come on, check the machine." "Give me a second, I need a power source."

The trio finds a power source. "The year is 25,000 ad. The place is The Temple of Lavos." "Lavos?" "I thought he was dead." "He is, remember?" "This is just a temple to Lavos." "Well only the Mystics belived Lavos was the ultimate power." "So then the Mystics built this place." "Look at that statue!" "It's glowing." "Lucca, can that machine do anything else?" "It can tell what any substance is made of." "Well check that statue out." "This statue is made from the remains of Lavos's shell." Crono touches the statue and is shocked. "Crono!" Crono is thrown out of the temple. "Where did Crono land?" "Let's look outside." Marle and Lucca step outside to see Crono surrounded by a band of thieves. "Crono!" The thieves look up to see Marle and Lucca. The thieves start speaking another language. "Aiwoemnrnfuvjanwioeu." "Awoienjnviuiqjklqkjl?" The thieves run off dropping a glowing dagger. "Crono! Crono! Wake up Crono!" "Marle use Cure on him now!" "CURE!" Crono floats in the air as he is healed. "Oh man, that statue can take it out of you." "Crono, are you alright?" "I'm fine, but where is the Gate Key?" "The thieves must have taken it." "Lucca, check the machine and see if you can track them down." "The thieves have headed north to the Northern Truce Dome." "Truce Dome?" "Let's go to Northern Truce Dome!" The trio winds up at Northern Truce Dome and hour later. Two stone golems step out of the ground. "We are here to stop intruders." "We must destroy you!"

What will happen to Crono, Marle, and Lucca? Will they get the Gate Key back? Will they find out where all of the monsters are coming from? Find out in the next story.
